ZOOM ON MATWIN laureates 2022

After MATWIN's International Board meeting, a unique body in Europe made up of around twenty international R&D decision-makers from the Oncology World and academic opinion leaders from the largest European cancer research centres, 3 projects among the 10 pre-selected upstream were rewarded for their medical interest and their potential for industrial development.

Discover the feedback from one of them with the interview of Karine Rossignol, CEO of Smart Immune.
