

Project Application Form

MATWIN is a French open-innovation platform aiming at selecting and supporting preclinical or early clinical innovations in oncology to optimise their transfer potential for partners (pharma companies, biotechs, investors, etc.). The present form should describe your project from a translational point of view. Your project will first be reviewed and preselected by a multidisciplinary jury. For assistance do not hesitate to contact MATWIN. MATWIN is joining forces with **UNICANCER** is the only french hospital network 100% dedicated to the fight against cancer. It brings together the 18 french Comprehensive Cancer Centers and 2 affiliated centers. Unicancer is a network of 26,000 professionals across France, dedicated to cancer care and research.
